New York, New York 10128

Dear Mr. Stewart,

We are writing to thank you for the opportunity to serve your accessibility needs. We have completed our final audit of your website <https://elizabarwine.com>. After all web accessibility issues identified in Phase 2 were adequately addressed. We performed a final comprehensive compliance audit which includes both automated and manual protocol to ensure that your digital content has met WCAG 2.0 level AA compliance.

Based on this evaluation, on behalf of the Columbia Lighthouse for the Blind Accessibility Assurance Department, we congratulate Eli Zabar Wine on achieving 100% accessibility compliance against WCAG 2.0 level AA. This means that individuals who require alternative access to printed digital content on <https://elizabarwine.com> will have comparable access and use of the website as do individuals who do not require an accessible alternative.

Shortly you will receive a Statement of WCAG Certification, our affixed CLB Seal for your website and W3C logo. We are excited to see your dedication to providing equal access to all new and returning customers regardless of their accessibility needs. Remember, as your content changes, so should your awareness of your compliance status. Therefore, we are recommending and offering our Monitoring Services. CLB offers comprehensive monitoring of your digital content depending upon how often and how dynamic changes are made to your site. We recommend that you take advantage of our maintenance subscription service which will provide regular monitoring of your site, twice a year at a bi-annual cost of \$300 per website. If you would like us to proceed forward with Monitoring Services, please let us know and we will send you our Subscription plan.

Our goal is to provide you with a complete solution for meeting and exceeding applicable accessible requirements in addition to providing a highly accessible experience for all visitors of your site. Thank you again for the opportunity to ensure that your organization's website is accessible to all patrons regardless of ability. We look forward to serving you in the future.

Sincerely,

A handwritten signature in blue ink that reads "Kim Alfonso". The signature is written in a cursive, flowing style.

Kim Greenfield Alfonso
Chief Operating Officer
